The author provides information about several so-called Nadigranthas, which are great, ancient books on astrology e.g. Bhrigu Samhita, Satya Nadi, Kak Nadi and others. In these particular extracts the author refers to the scripture of Kak Nadi written by Kakayyar Bhujander who was a great astrologer and seeker and lived nearly 2000 years ago.

"While Jupiter is in Pisces a great Yogi will incarnate on the Earth. By 1970 it will have become quite evident to many people that a new era will have started. Kaliyuga will end and Krutayuga will start. The axis of the Earth will depress and the Earth's orbit will come closer and closer to the Sun. Human life will undergo a complete revolution. A great Yogi will incarnate at this time. This Yogi will be the Incarnation of Parabrahma and will have all the divine powers.

Until this time a yogi or devotee could achieve the bliss of Moksha and find the ultimate meaning of his life only by following the path of devotion, knowledge and Pantanjali Yoga. But he would have to go through severe penance in order to awaken the sleeping powers of various chakras of his body and finally enlighten the Kundalini Power.

By the new method of yoga devised by the great Yogi, human beings will be able to attain the joy of Moksha within one lifetime. It would no longer be necessary to sacrifice one's body or to die in order to achieve Moksha. The Brahmananda which so far only great saints had been able to experience and then only by entering into the Samadhi state at the point of death, due to his new type of yoga could be achieved by ordinary human beings without entering Samadhi state while dying.

In the beginning it would be possible for one person in crores to attain this Yoga and Moksha. However, after some time the whole human race with the help of this Yoga will be able to defeat itself. People won't have to worry about food, shelter or clothing. While living ordinary lives people will achieve Yoga - Union with God. There will be no necessity for hospitals as there will be no diseases.

In the beginning the great Yogi will be able to heal diseases with a mere touch. Old age with its destruction of the body will not exist and people will possess heavenly bodies.

The world will have to suffer the consequences of a third world war. This world war would end by interference of the Great Yogi. In the end all the nations of the world will come together with the feeling of oneness. They will agree on the destructiveness of war. There will be a great international conference in a big city of the world. Yogis will lead this conference rather than intellectuals or politicians. Then the world will recover from the aftermath of war. The whole of the humanity will understand the importance of prayer and all the nations will unite together.

Due to new scientific discoveries science and religions would become one. With the help of the science the existence of God and the Soul could be proved. The veil of ignorance and Maya would be drawn aside and Brahmananda, Moksha which could previously only be attained by yogis as a result of very hard work and severe penance would become easily available to many human beings.

In this new era every person would have his position in the system according to his individual qualities and merit. It will be possible to fulfill people's needs and desires and so it will no longer be necessary to accumulate money.

Without poverty and diseases society will be healthy and carefree."
